Timberline Bank Community Reinvestment Act Mission Statement

The Community Reinvestment Act (CRA) was implemented by the Federal Reserve as Regulation BB, with the intent to encourage all financial institutions to meet the credit needs of their communities including low-to-moderate-income individuals and geographies, small businesses, and community development organizations.

Timberline Bank CRA Mission:

Timberline Bank is committed to serving the credit needs of its CRA Assessment Areas, as well as complying with consumer and fair lending laws and regulations. Timberline is dedicated to helping meet the financial needs of our customers and providing essential support to organizations in the communities we serve while acting in a fair and equitable manner to help build a Better, Faster, Easier experience.

Our Core Values –

1. Exceeding Customers' High Expectations
2. Empowering a Dedicated Team
3. Having Fun while Winning
4. Passionate about our Communities

Timberline Bank is engaged in Community Development and continues to seek partnerships with the intention of expanding the Bank's presence and commitment to underserved areas of the communities and economic development needs. The Bank will seek relationships with organizations to assist in developing and offering products/services that enhance the economic vitality of our communities. The Bank will continue to observe the following:

- Ensure that products and services are responsive to the needs of the community, including Low-to-Moderate areas and residents and small businesses.
- Provide loan products designed to meet the needs of the community
- Be responsive to community development needs
- Grant loans, investments, and donations in accordance with safe and sound banking practices
- Ensure that customers within the Assessment Areas, including Low-to-Moderate tracts are familiar with the Bank's offered products and services
- Provide financial literacy, budgeting and money management programs and education that targets those with limited experience or information on banking practices.
- Understand the needs of customers in low-to moderate income and minority areas within its assessment area by staff members being involved with community-based organizations who promote affordable housing, small business development, economic developments, and pathways to home ownership.

Timberline Community Memberships:

Timberline Bank is a proud member of the following:

- Colorado Lawyer Trust Account Foundation (COLTAF) Prime Partner Program.
 - Timberline Bank is happy to support COLTAF in its mission to ensure that low-income Coloradans have access to critically needed civil legal aid.
- Palisade Chamber of Commerce
- Grand Junction Chamber of Commerce
- Fruita Area Chamber of Commerce
- Western Colorado Latino Chamber of Commerce
- Montrose Area Chamber of Commerce
- Housing and Building Association of Western CO
- Aspen Resort Chamber of Commerce
- Grand Junction Area Realtor Association
- Western Colorado Contractors Association
- Montrose Giving Club

Program Administration:

The Bank's CRA program is reviewed by the Board of Directors on an annual basis. The Bank strives to meet the community bank obligations to those within its communities and trade areas. The bank prides itself in contributing to many community organizations and non-profits. The Bank's CRA public file maintains evidence of contributions and support the Bank provides. The public file is managed and maintained by the Risk Management Department and is available for viewing. For any requests to view the CRA public file, please email the request to riskmanagement@timberlinebank.com.

Services provided by Timberline Bank:

The Bank offer a wide array of deposit products including but not limited to:

- Checking Accounts, Money Market and Private Banking
- Savings
- Certificate of Deposits

The following credit services are offered within the Bank's trade areas -

Real Estate Loans:

- Commercial Real Estate
- Commercial Development
- Consumer Mortgage
- HELOC

Consumer Loans:

- * New and Used Automobiles
- * Boats and Recreational Vehicles
- * Possessory Loans
- * Unsecured Personal Loans

Commercial Loans:

- Agricultural Related Loans
- * UCC – Equipment, Inventory, etc.

Community Reinvestment Act Policy

Revision 1.9 (01/08/2024)

Approved 02/27/2024

COMMUNITY REINVESTMENT ACT POLICY

INTRODUCTION

The Community Reinvestment Act (CRA) was enacted to encourage banks to help meet the credit needs of their local communities, including low- and moderate-income (LMI) neighborhoods, consistent with the safe and sound operation of the bank. Regulators, including the FDIC, take into account the record of performance under the CRA of each applicant bank in considering an application for approval of:

- (1) The establishment of a domestic branch or other facility with the ability to accept deposits;
- (2) The relocation of the bank's main office or a branch;
- (3) The merger, consolidation, acquisition of assets, or assumption of liabilities; and
- (4) Deposit insurance for a newly chartered financial institution.

Commentary

POLICY STATEMENT

The Board of Directors, management and staff of Timberline Bank are strongly committed to meeting the spirit of the Community Reinvestment Act. It is the policy of this Bank to make every reasonable attempt, within the scope of its resources and in a safe and sound manner, to meet the credit needs of the entire community, including low- and moderate-income areas within the Bank's CRA delineated assessment area(s).

CRA OFFICER

The Bank has appointed the AVP of Risk Management to act as the CRA officer, responsible for oversight of the bank's CRA compliance. The responsibilities of the CRA officer are defined below:

1. Maintain current copies of applicable CRA statutes, regulations and interpretations.
2. Maintain proficient knowledge of applicable CRA statutes, regulations and interpretations.
3. Coordinate the training of personnel on CRA policies and procedures.
4. Serve as the Bank's community liaison and monitor and respond to CRA-related customer complaints and inquiries.

5. Maintain the Bank's CRA Public File.
6. Conduct CRA compliance reviews.

ASSESSMENT AREA

§ 345.41 Assessment area delineation. In compliance with the requirements of this section, the bank has delineated three assessment areas within which the FDIC evaluates the Bank's record of helping to meet the credit needs of its community. Our assessment area(s) include the geographies in which the bank has its main office and its branches. Additionally, our assessment area(s) are in compliance with the guidelines as addressed in 345.41(e):

(e) Limitations on the delineation of an assessment area. Each bank's assessment area(s):

- (1) Must consist only of whole geographies;
- (2) May not reflect illegal discrimination;
- (3) May not arbitrarily exclude low- or moderate-income geographies, and
- (4) May not extend substantially beyond an MSA boundary or beyond a state boundary

Given these assessment area guidelines, Bank management has designated the following communities as the bank's assessment area:

Grand Junction Branch - **MESA COUNTY**

Aspen Branch - **PITKIN COUNTY**

Montrose Branch - **MONTROSE COUNTY**

Trade Territory

Timberline Bank was granted a charter by the State of Colorado to serve the convenience and needs of its community or trade area. To fulfill this responsibility, it shall be the policy of the Bank to grant loans to credit-worthy applicants, both businesses and consumers, who are located in, reside in or are employed in the Bank's assessment areas: Mesa, Pitkin and Montrose Counties. The bank's trade area also encompasses the boarding counties of, Garfield, and Delta for our Grand Junction and Montrose offices and the counties of, Gunnison, Garfield, Eagle and Lake for our Aspen office.

The designated trade area for purpose of this policy is determined by the areas from which the Bank derives the majority of its deposit dollars and of depositors, including residents and employees of area business firms who reside outside the area. This area can be found in the CRA public file.

PERFORMANCE STANDARDS

Timberline Bank meets the criteria for **12 CFR 345.12(t) Intermediate small bank (1) Definition**. Intermediate small bank means a bank that, as of December 31 of either of the prior two calendar years, had assets of less than \$1.564 billion. Intermediate small bank means a small bank with assets of at least \$376 million as of December 31 of both of the prior two calendar years and less than \$1.564 billion as of December 31 of either of the prior two calendar years.

The FDIC will assess an intermediate small bank pursuant to the criteria set forth in paragraph (2) of **12 CFR 345.26 Intermediate Small Bank Performance Standards** (b) *Lending test* and (c) *Community Development test*. An intermediate small bank's lending and community development test performance is evaluated pursuant to the following criteria:

Lending test:

1. The bank's loan-to-deposit ratio, adjusted for seasonal variation and secondary market activities, and, as appropriate, other lending-related activities, such as loan originations for sale to the secondary markets, community development loans, or qualified investments;
2. The percentage of loans in the bank's assessment area(s);
3. The bank's record of lending to and, as appropriate, engaging in other lending-related activities for borrowers of different income levels and businesses and farms of different sizes;
4. The geographic distribution of the bank's loans; and
5. The bank's record of taking action, if warranted, in response to written complaints about its performance in helping to meet credit needs in its assessment area(s).

Community Development test:

1. The number and amount of community development loans;
2. The number and amount of qualified investments;
3. The extent to which the bank provides community development services; and
4. The bank's responsiveness through such activities to community development lending, investment, and services needs.

RESPONSIBILITY

It is the responsibility of management, particularly those in the lending functions and community development of the Bank, to ensure that the Bank's CRA goals are met. The CRA officer is one resource managers may call upon for guidance, but the ultimate authority and responsibility lies with Senior Management and the Board of Directors.

Implementation

APPROVAL

This is to certify that the preceding policy has been adopted at the Board of Directors' meeting, which was duly noted, legally constituted and held on the February 27, 2024.

Jim Pedersen /Secretary

TIMBERLINE BANK
COMMUNITY REINVESTMENT ACT
PUBLIC FILE AS OF February 26, 2024
CRA Officer: Jessica Klements

Locations:

Timberline Bank has 3 locations, as of February 28, 2024 and they are as follow –

- Timberline Bank – Grand Junction, CO – Opened October 25, 2004
649 Market St
Grand Junction, CO 81505
Census Tract 9.00

Hours of Operation:

Lobby: 9:00 a.m. – 5:00 p.m. Monday thru Friday
Drive-up: 7:30 a.m. – 5:00 p.m. Monday thru Thursday
7:30 a.m. – 5:30 p.m. Friday
8:30 a.m. – 12:00 p.m. Saturday

This branch has one ATM, no deposits are accepted at this ATM.

This branches assessment area includes Mesa County –
Census tract information for the county and a map of the assessment area can be located in #4 of the electronic public file.

- Timberline Bank – Aspen, CO – Opened October 25, 2004
122 W Main St
Aspen, CO 81611
Census tract 4.04

Hours of Operation:

Lobby: 9:00 a.m. – 5:00 p.m. Monday thru Friday

This branch has one ATM, no deposits are accepted at this ATM.

This branches assessment area includes Pitkin County -
Census tract information for the county and a map of the assessment area can be located in #4 of the electronic public file.

- Timberline Bank – Montrose, CO – Opened July 17, 2006
1561 Oxbow Drive
Montrose, CO 81401
Census Tract 9665.01

Hours of Operation:

Lobby Hours: 9:00 a.m. – 5:00 p.m. Monday thru Friday
Drive-up: 8:00 a.m. - 5:00 p.m. Monday thru Thursday
8:00 a.m. – 5:30 p.m. Friday
8:30 a.m. – 12:00 p.m. Saturday

This branch has one ATM, no deposits are accepted at this ATM.

This branches assessment area includes Montrose County -
Census tract information for the county and a map of the assessment area can be located in #4 of the electronic public file.

This document is an evaluation of this institution's record of meeting the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with safe and sound operation of the institution. This evaluation is not, nor should it be construed as, an assessment of the financial condition of this institution. The rating assigned to this institution does not represent an analysis, conclusion, or opinion of the federal financial supervisory agency concerning the safety and soundness of this financial institution.

INSTITUTION RATING

INSTITUTION'S CRA RATING: This institution is rated **Satisfactory**.

An institution in this group has a satisfactory record of helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities. has a satisfactory record of helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities.

The Lending Test is rated Satisfactory.

Satisfactory performance under the Lending Test supports the rating. The following points summarize conclusions for each Lending Test performance factor, which this evaluation discusses in detail elsewhere.

- The loan-to-deposit ratio is reasonable given the institution's size, financial condition, and assessment area credit needs.
- A majority of loans are in the institution's assessment areas.
- The geographic distribution of loans reflects reasonable dispersion throughout the assessment areas.
- The distribution of borrowers reflects, given the demographics of the assessment area, reasonable penetration among businesses of different sizes and individuals of different income levels
- The institution did not receive any CRA-related complaints since the previous evaluation. Therefore, this factor did not affect the Lending Test rating.

The Community Development Test is rated Satisfactory.

The institution's community development performance demonstrates adequate responsiveness to community development needs in its assessment areas through community development loans, qualified investments, and community development services, as appropriate, considering the institution's capacity and the need and availability of such opportunities for community development in the institution's assessment areas. The institution's record of originating community development loans and providing community development services, without simply ignoring qualified investments, supports this conclusion.

DESCRIPTION OF INSTITUTION

Timberline Bank maintains its headquarters in Grand Junction, Colorado. Timberline Bancorporation, Aspen, Colorado, a single-institution holding company, wholly owns Timberline Bank. There are no existing affiliates or subsidiaries that are relevant to be considered for this CRA evaluation. Timberline Bank received a Satisfactory rating at its prior April 13, 2020 FDIC CRA Performance Evaluation based on the Interagency Small Institution Examination Procedures.

Timberline Bank operates three full-service offices in the State of Colorado with the main office located in Grand Junction, Colorado and the other two full-service branch offices are located in Aspen, Colorado and Montrose, Colorado. The institution did not open or close any branch offices during the evaluation period. During the evaluation period, Timberline Bank's main office relocated one-half mile away from its previous location. The middle-income census tract level designation of the institution's main office location did not change as a result of the relocation. Lastly, Timberline Bank did not participate in any merger or acquisition activities since the previous evaluation.

Timberline Bank offers various loan products that includes commercial, home mortgage, construction, and, consumer. The institution's primary lending focus is commercial lending followed by home mortgage lending. The institution also offers a full line of deposit services that includes checking, savings, certificate of deposit, minor savings, individual retirement, and health savings accounts. Alternative banking services include online banking, bill pay, mobile banking, person-to-person service, as well as, participation in an automated teller machine (ATM) network with thousands of surcharge-free ATMs worldwide.

Timberline Bank reported total assets of \$698.9 million as of September 30, 2022, including \$512.4 million in total loans. Deposits totaled \$620.5 million as of the same date. Total assets increased approximately 40.1 percent, net loans increased approximately 45.1 percent, and total deposits increased approximately 38.7 percent since the prior evaluation.

The following table details the institution's loan portfolio, as of September 30, 2022, reflecting a focus on commercial lending, at 52.6 percent, followed by residential real estate lending at 36.2 percent.

Loan Portfolio Distribution as of September 30, 2022		
Loan Category	\$(000s)	%
Construction, Land Development, and Other Land Loans	28,614	5.6
Secured by Farmland	3,787	0.7
Secured by 1-4 Family Residential Properties	181,047	35.3
Secured by Multifamily (5 or more) Residential Properties	4,330	0.9
Secured by Nonfarm Nonresidential Properties	207,252	40.4
Total Real Estate Loans	425,030	82.9
Commercial and Industrial Loans	62,383	12.2
Agricultural Production and Other Loans to Farmers	0	0.0
Consumer Loans	4,779	0.9
Other Loans	20,209	4.0
Total Loans	512,401	100.0
<i>Source: Reports of Condition and Income as of 9/30/2022. Due to rounding, totals may not equal 100.0 percent.</i>		

Examiners did not identify any financial, legal, or other impediments that affect Timberline Bank’s ability to meet its assessment areas credit needs.

DESCRIPTION OF ASSESSMENT AREAS

The CRA requires each financial institution to define one or more assessment areas within which examiners will evaluate its CRA performance. As noted in the following table, Timberline Bank designated three counties in the State of Colorado as its assessment areas. Mesa County comprises the entire Grand Junction Metropolitan Statistical Area (Grand Junction MSA), while Pitkin and Montrose Counties are adjacent counties in Western Colorado. There has been no changes to the institution’s assessment areas since the prior evaluation. The two Colorado nonmetropolitan statistical area (Non-MSA) assessment areas represent generally similar characteristics, and examiners did not identify any anomalies in performance between the two areas. Therefore, this evaluation will combine both areas as the Colorado Non-MSA assessment area (Colorado Non-MSA AA) for presentation and analysis.

Description of Assessment Areas			
Assessment Area	Counties in Assessment Areas	# of Census Tracts	# of Branches
Grand Junction MSA	Mesa	33	1
Colorado Non-MSA AA	Pitkin, Montrose	18	2
<i>Source: Bank Records</i>			

The institution’s assessment areas meets the technical requirements of the CRA and do not arbitrarily exclude low-and moderate-income areas. Refer to the individual assessment area discussions for more details.

SCOPE OF EVALUATION

General Information

This evaluation covers from the previous evaluation dated April 13, 2020 to the current evaluation dated February 6, 2023. Examiners will perform the Intermediate Small Institution CRA Examination Procedures to evaluate the institution’s performance, which includes the Lending Test and Community Development Test. The appendix list each tests criteria.

Examiners applied full scope procedures to the Grand Junction MSA since this area contains the largest percentage of the institution’s loans and deposits activities and will receive heavier weighting when drawing overall conclusions and ratings. The combined Colorado Non-MSA AA will receive limited scope review as it comprises a smaller percentage of the institution’s loans and deposit, and the prior evaluation utilized full-scope procedures.

Assessment Area Breakdown of Loans, Deposits, and Branches						
Assessment Area	Loans		Deposits		Branches	
	\$(000s)	%	\$(000s)	%	#	%
Grand Junction MSA	491,537	59.4	426,590	69.6	1	33.4
Colorado Non-MSA AA	336,556	40.6	186,772	30.4	2	66.6
Total	828,093	100.0	612,912	100.0	3	100.0

Small Business Administration (SBA) Paycheck Protection Program (PPP) Loans

Small Business Administration (SBA) Paycheck Protection Program (PPP) Loans and the Coronavirus Aid Relief and Economic Security Act, signed into law on March 27, 2020, established the temporary PPP. The SBA with support from the Department of the Treasury implements the PPP, which provides loans to encourage qualified businesses that meet certain standards established by the SBA, to retain employees through the COVID-19 pandemic and includes loan forgiveness subject to certain conditions. The FDIC encourages financial institutions to consider using this program in a prudent manner as they actively work with business borrowers, including small businesses, with less financial flexibility to withstand near term operational challenges due to the COVID-19.

Timberline Bank originated 135 PPP loans totaling \$11.3 million in 2021. This lending activity demonstrates the institution's willingness to meet the credit needs of businesses of varying sizes, including small businesses, in response to the COVID-19 pandemic. For this evaluation, examiners considered the PPP loans originated by the institution in 2021 in the Community Development Lending Test.

Activities Reviewed

For the Lending Test, CRA Intermediate Small Institution Procedures require examiners to determine the institution’s major product lines for review. Examiners may select from among the same loan categories used for CRA Large Bank evaluations: home mortgage, small business, small farm, and consumer loans. Examiners determined the institution’s major product lines include

small business lending and home mortgage lending. No other types, including small farm or consumer loans, represent major product lines. Therefore, this evaluation does not include a review of them. The institution's records indicate the lending focus and product mix remained generally consistent throughout the evaluation period. The following table shows the institution's originations and purchases over the most recent calendar year by loan type.

Loans Originated or Purchased				
Loan Category	\$(000s)	%	#	%
Construction and Land Development	193,948	23.4	243	24.2
Secured by Farmland	15,525	1.9	8	0.8
Secured by 1-4 Family Residential Properties	216,656	26.2	268	26.7
Multi-Family (5 or more) Residential Properties	2,984	0.4	3	0.3
Commercial Real Estate Loans	217,487	26.2	174	17.3
Commercial and Industrial Loans	140,556	17.0	233	23.3
Agricultural Loans	0	0.0	0	0.0
Consumer Loans	2,445	0.3	52	5.2
Other Loans	38,492	4.6	23	2.2
Total Loans	828,093	100.0	1,004	100.0
<i>Source: 2022 Bank Records. Due to rounding, totals may not equal 100.0 percent.</i>				

For the current evaluation, examiners selected a random sample of 60 small business loans totaling \$15.6 million from a universe of 294 small business loans totaling \$84.3 that were originated in 2022, the most recent calendar year of available data. D&B data for 2022 provided standard of comparison for small business loans.

In addition, examiners selected a random sample of 56 home mortgage loans totaling \$57.7 million from a universe of 155 home mortgage loans totaling \$176.9 million that were originated in 2022, the most recent calendar year of available data. Examiners compared the institution's home mortgage lending to 2020 U.S. Census Data. Examiners noted a substantial majority of home mortgage lending were loans to non-natural individuals and non-owner occupied, consistent with Bank's business strategy. As a result, the annual gross income is not readily available for these loans, which hinders meaningful conclusions. Consequently, examiners sampled 11 additional home mortgage loans originated in 2022 totaling \$13.7 million to natural individuals where gross income data is readily available from the Colorado Non-MSA AA.

Examiners considered the dollar volume and number of loans, as well as, management's stated business strategy, when weighing each loan category's effect on overall conclusions of the applicable performance factors. The following table shows that for the 2022 loan categories reviewed, home mortgage loans outweigh small business lending by dollar volume. However, given the considerations noted above and the bank's business strategy, small business performance received more weight when arriving at conclusion.

Loan Products Reviewed				
Loan Category	Universe		Reviewed	
	#	\$(000s)	#	\$(000s)
Small Business	294	84,312	60	15,619
Home Mortgage	155	176,903	56	57,761
<i>Source: 2022 Bank Records</i>				

To evaluate the Lending Test, examiners reviewed the number and dollar volume of small business and home mortgage loans. While this evaluation presents the number and dollar volume of loans, examiners emphasized performance by number of loans because the number of loans is a better indicator of the number of businesses and individuals served.

For the Community Development Test, the institution’s management provided data on community development loans, qualified investments, and community development services since the previous CRA evaluation. Examiners evaluated the community development activity quantitatively based on the financial capacity of the institution as well as qualitatively based on the institution’s ability and capacity to meet assessment area needs.

CONCLUSIONS ON PERFORMANCE CRITERIA

LENDING TEST

Timberline Bank demonstrated a satisfactory record for the institution as a whole regarding the Lending Test. A reasonable net loan-to-deposit ratio, a majority of loans inside the assessment areas, and reasonable geographic distribution and borrower profile loan distribution performance primarily support the Lending Test record.

Loan-to-Deposit Ratio

The net loan-to-deposit ratio is reasonable given the institution’s size, financial condition, and assessment area credit needs. The institution recorded an average, net loan-to-deposit ratio of 79.2 percent since the prior evaluation. The ratio ranged from a low of 64.2 percent on September 30, 2021, to a high of 91.0 percent on June 30, 2020. While the ratio showed some fluctuation during the evaluation period, it reflects an overall declining trend since the last evaluation.

The following table includes similarly-situated institutions that operate in and generally around the institution’s assessment areas, are similar in asset size and loan composition. Timberline Bank's ratio is higher than the other institution that is also located in Grand Junction, CO. Furthermore, Timberline Bank's ratio is higher or falls in-between the other institutions that are more generally comparable in asset size, further supporting reasonable performance.

Loan-to-Deposit Ratio Comparison		
Institutions Charter Name and City Location	Total Assets as of 09/30/2022 (\$000s)	Average Net LTD Ratio (%)
Timberline Bank, Grand Junction, Colorado	698,983	79.2
San Luis Valley Federal Bank, Alamosa, Colorado	403,114	73.6
First Southwest Bank, Alamosa, Colorado	479,346	64.3
5Star Bank, Colorado Springs, Colorado	355,864	86.1
Home Loan State Bank, Grand Junction, Colorado	205,378	45.0
<i>Source: Reports of Condition and Income 06/30/2020 – 09/30/2022</i>		

Assessment Area Concentration

The institution originated majority of loans inside its assessment areas. As seen in the following table, a majority of small business and home mortgage loans, by number and dollar, are within the assessment areas.

Lending Inside and Outside of the Assessment Area										
Loan Category	Number of Loans				Total #	Dollars Amount of Loans \$(000s)				Total \$(000s)
	Inside		Outside			Inside		Outside		
	#	%	#	%		\$	%	\$	%	
Small Business	52	86.7	8	13.3	60	12,570	80.5	3,049	19.5	15,619
Home Mortgage	37	66.1	19	33.9	56	33,101	57.3	24,659	42.7	57,760
<i>Source: 2022 Bank Records Due to rounding totals may not equal 100.0 percent.</i>										

Geographic Distribution

The geographic distribution of loans reflects reasonable dispersion throughout the assessment areas. Overall, reasonable records in the Grand Junction MSA and the Colorado Non-MSA AA support this conclusion. Examiners considered the loan product types reviewed relative to the available comparative data and any performance context issues. Examiners primarily focused on the number of loans in the low-and moderate-income tracts in the assessment areas when arriving at conclusions.

Borrower Profile

The distribution of borrower's reflects a reasonable penetration among businesses of different sizes and individuals of different income levels. Reasonable records in the Grand Junction MSA and the Colorado Non-MSA AA support this conclusion. Examiners considered the loan product types reviewed relative to the available comparative data and any performance context issues. Examiners focused on the percentage of loans, by number, to businesses with gross annual revenue of \$1 million or less and to low- and moderate-income individuals when arriving at conclusions.

Response to Complaints

The institution has not received any CRA-related complaints since the previous evaluation; therefore,

this criterion did not affect the Lending Test rating

COMMUNITY DEVELOPMENT TEST

The institution’s community development performance demonstrates adequate responsiveness to community development needs in its assessment areas through community development loans, qualified investments, and community development services, as appropriate, considering the institution’s capacity and the need and availability of such opportunities for community development in the institution’s assessment areas.

Community Development Loans

The institution originated 85 community development loans totaling approximately \$16.1 million. This level equates to 2.7 percent of average total assets of \$605.4 million and 3.9 percent of average total net loans of \$410.7 million since the prior evaluation. The institution originated all community development loans in 2021 to revitalize or stabilize qualifying geographies, which demonstrated the institution’s responsiveness to identified community development needs.

The institution’s community development loans benefitted the following assessment areas:

- Grand Junction MSA– 60 community development loans totaling \$14.5 million.
- Colorado Non-MSA AA – 25 community development loans totaling \$1.6 million.

Qualified Investments

In 2022, the institution made use of nine qualified investments in the form of donations totaling \$22 thousand. The total volume of qualified investments represents 0.004 percent of average total assets and 0.016 percent of average total securities of \$136 million. The figure includes one qualified investment totaling \$9 thousand within the broader statewide or regional area.

The following tables illustrate the qualified investments by assessment areas, and purpose.

Qualified Investments by Assessment Area										
Assessment Area	Affordable Housing		Community Services		Economic Development		Revitalize or Stabilize		Total	
	#	\$	#	\$	#	\$	#	\$	#	\$
Grand Junction MSA	0	0	7	13	1	<1	0	0	8	13
Colorado Non-MSA AA	0	0	0	0	0	0	0	0	0	0
Subtotal	0	0	7	13	1	<1	0	0	8	13
Broader Statewide or Regional Area	0	0	1	9	0	0	0	0	1	9
Total	0	0	8	22	1	<1	0	0	9	22
<i>Source: Bank Records</i>										

The following lists an example of a notable donation in the Broader Statewide or Regional Area:

- **Community Service:** The institution granted \$9 thousand to an organization that funds

civil legal services for Coloradans. The services provided help low-income individuals and families with issues affecting their economic stability, such as housing, consumer finance, family law, elder care, domestic violence, access to healthcare and education, employment and income maintenance.

Community Development Services

The institution’s employees provided seven qualified community development services during the evaluation period. These service activities demonstrate adequate responsiveness to identified assessment area needs. The services involve the institution’s personnel use of their financial and technical expertise to benefit organizations or projects with a primary purpose of community development, primarily focused on affordable housing and community services targeted to low- or moderate-income individuals.

The following tables illustrate the community development services by year, purpose, and assessment areas.

Community Development Services					
Activity Year	Affordable Housing	Community Services	Economic Development	Revitalize or Stabilize	Totals
	#	#	#	#	#
2022	1	4	0	0	5
2023 (YTD)	0	2	0	0	2
Total	1	6	0	0	7
<i>Source: Bank Records</i>					

Community Development Services by Assessment Area					
Assessment Area	Affordable Housing	Community Services	Economic Development	Revitalize or Stabilize	Totals
	#	#	#	#	#
Grand Junction MSA	0	4	0	0	4
Colorado Non-MSA	1	2	0	0	3
Total	1	6	0	0	7
<i>Source: Bank Records</i>					

The institution did not operate any offices in low-or moderate-income census tracts, locations are within close proximity to serve such geographies, and the institution provides alternative delivery systems that help avail its services to low- and moderate-income individuals and geographies. Those alternative systems include online banking, bill pay, mobile banking, person-to-person payments, and participation in the Money Pass ATM network with thousands of surcharge-free ATMs worldwide. Consequently, the alternative delivery systems compliment the limited accessibility of branch distribution systems in low- and moderate - income geographies.

DISCRIMINATORY OR OTHER ILLEGAL CREDIT PRACTICES REVIEW

The institution’s compliance with the laws relating to discrimination and other illegal credit practices was reviewed, including the Fair Housing Act and the Equal Credit Opportunity Act. Examiners did not identify any evidence of discriminatory or other illegal credit practices inconsistent with helping to meet community credit needs. Therefore, this consideration did not affect the institution’s overall CRA rating.

GRAND JUNCTION MSA– Full-Scope Review

DESCRIPTION OF INSTITUTION’S OPERATIONS IN GRAND JUNCTION MSA

The Grand Junction MSA consists of all 33 census tracts in Mesa County, Colorado, that comprise the Grand Junction MSA.

Economic and Demographic Data

The assessment area’s census tracts reflect the following income designations based on 2020 U.S. Census data: one low-, 10 moderate-, 14 middle-, and eight upper-income census tracts. The following table illustrates select demographic data for the area.

Demographic Information of the Assessment Area						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	33	3.0	30.3	42.4	24.2	0.0

Based on information provided by Moody’s Analytics, the area’s major employers include: St. Mary’s Hospital, Community Hospital, Colorado Mesa University, and VA Medical Center-Grand Junction.

The following table reflects annual unemployment rates over the evaluation period for Mesa County, State of Colorado, and nationwide. For Mesa County, the unemployment rate was at its highest in 2020 during the evaluation period primarily due to the impact of the COVID-19 pandemic. Unemployment rates for 2021 and 2022 improved showing a downward trend in Mesa County.

Source: FFIEC

Competition

The assessment area reflects a moderate level of competition for financial services. According to FDIC Deposit Market Share data as of June 30, 2022, 12 financial institutions operate 36 full-service branches within the assessment area. Of these institutions, Timberline Bank ranks 3rd with an 11.1 percent deposit market share. The area also includes various credit unions, which also provide increased competition.

Community Contact(s)

As part of the evaluation process, examiners contact third parties active in the assessment area to assist in identifying the credit and community needs. This information helps determine financial institutions’ responsiveness to these needs and indicates available credit opportunities.

Examiners contacted a representative of an economic development organization that serves the assessment area. The contact identified the ongoing need of small business lending to local

businesses. The contact mentioned the smaller to mid-size financial institutions in the assessment area are primarily making efforts to offering loan products to support local small business lending needs. From an overall perspective, the contact states the assessment area is well banked and community projects are receiving funding by the local financial institutions to meet the assessment area community credit needs.

Credit and Community Development Needs and Opportunities

Considering information obtained from the institution's management, the community contact, and demographic and economic data, examiners determined that commercial lending, especially for small businesses, and home mortgage lending represents the primary credit needs of the area. Small business and small business development services continue to be ongoing demand to ensure area growth and an adequate workforce.

With respect to the area's community development needs, demographic data shows that 33.3 percent of the area's census tracts received low- or moderate-income designations, coupled with the Federal Disaster Designation for this area remaining active in response to the COVID-19 pandemic suggest a need for activities that revitalize or stabilize qualifying geographies. Demographic data also shows that 38.2 percent of the area's families reported low or moderate incomes which suggests a need for activities that benefit projects or organizations that provide a community development purpose targeted to these families; especially, for affordable housing. Opportunities also exist for spurring economic development to support opportunities in the designated Enterprise and Opportunity Zones

CONCLUSIONS ON PERFORMANCE CRITERIA IN GRAND JUNCTION MSA

LENDING TEST

The institution demonstrated a satisfactory record regarding the Lending Test in the Grand Junction MSA. Reasonable geographic loan distribution and borrower profile performance supports this conclusion

Geographic Distribution

The geographic distribution of loans reflects reasonable dispersion throughout the Grand Junction MSA. A reasonable record for small business loans outweighs the excellent record for home mortgage loans supports this conclusion. As noted, examiners weighed small business loan performance heavier when arriving at this conclusion. Examiners afforded more weight to performance in the moderate - income census tracts given the greater lending opportunities in comparison to the nominal lending opportunities in the low-income census, as illustrated by the corresponding demographic data.

Small Business Loans

The geographic distribution of small business loans reflects reasonable dispersion throughout the Grand Junction MSA. The reasonable level of the lending in the moderate-income census tracts

primarily supports this conclusion. As the following table shows, the institution’s performance in moderate-income census tracts falls within a reasonable range of demographic data, falling 10.7 percentage points below.

Geographic Distribution of Small Business Loans					
Tract Income Level	% of Businesses	#	%	\$(000s)	%
Low	2.1	0	0.0	0	0.0
Moderate	24.0	6	13.3	1,468	14.8
Middle	48.5	29	64.4	6,723	68.1
Upper	25.4	10	22.2	1,685	17.1
Not Available	0.0	0	0.0	0	0.0
Totals	100.0	45	99.9	9,876	100.0

Source: 2022 D&B Data, Bank Records. Due to rounding, totals may not equal 100.0 percent.

Home Mortgage Loans

The geographic distribution of home mortgage loans reflects an excellent dispersion throughout the Grand Junction MSA. The excellent level of lending in the moderate-income census tract primarily supports this conclusion. As seen in the following table, the institution’s lending performance in moderate-income census tracts exceeds demographic data by 31.0 percentage points, reflecting excellent performance.

Geographic Distribution of Home Mortgage Loans					
Tract Income Level	% of Owner-Occupied Housing Units	#	%	\$(000s)	%
Low	0.2	0	0.0	0	0.0
Moderate	25.3	9	56.3	2,801	21.3

Borrower Profile

The distribution of borrower’s reflects a reasonable penetration among businesses of different sizes and individuals of different income levels in the Grand Junction MSA. A reasonable performance regarding small business loans outweighs the poor performance regarding home mortgage lending supports this conclusion. As previously noted, examiners placed more weight on the institution’s small business lending when arriving at conclusions as substantial majority of the institution’s home mortgage loans are granted to non-natural individuals for investment purpose and non-owner occupied, limiting the availability of gross income.

Small Business Loans

The distribution of borrowers reflects reasonable penetration among businesses of different sizes in the Grand Junction MSA. The following table shows that the institution originated just over five out of every ten sampled small business loans to businesses with gross annual revenues of \$1 million or less, reflecting an overall reasonable performance. Additionally, the table shows the institution originated 40.0 percent of the sampled small business loans to businesses with gross annual revenues that are in the two smallest revenue categories, further supporting reasonable performance.

Distribution of Small Business Loans by Gross Annual Revenues					
Gross Revenue Level	% of Businesses	#	%	\$(000s)	%
< \$100,000	73.0	14	31.1	2,839	28.8
\$100,000 - \$249,999	14.2	4	8.9	1,671	16.9
\$250,000 - \$499,999	3.2	1	2.2	21	0.2
\$500,000 - \$1,000,000	1.8	4	8.9	1,100	11.1
Subtotal <= \$1,000,000	92.2	23	51.1	5,631	57.0
>\$1,000,000	2.0	21	46.7	4,185	42.4
Revenue Not Available	5.8	1	2.2	60	0.6
Total	100.0	45	100.0	9,876	100.0

Source: 2022 D&B Data, 2022 Bank Records. Due to rounding, totals may not equal 100.0 percent.

Home Mortgage Loans

The distribution of borrowers reflects poor penetration to individuals of different income levels, including low- and moderate-income borrowers. The following table shows the institution’s level of lending to low- and moderate-income borrowers is below demographic data since none of the sampled home mortgage loans are originated to individuals in these income categories. However, the table also reveals that substantial majority (87.5 percent) of the home mortgage loans sampled loans are to non-natural individuals for investment purpose and non-owner occupied. As a result, the borrower income information is not readily available, which heavily skews the institution’s performance. Therefore, examiners afforded less weight when drawing conclusions for this performance factor.

Distribution of Home Mortgage Loans by Borrower Income Level					
Borrower Income Level	% of Families	#	%	\$(000s)	%
Low	29.4	0	0.0	0	0.0
Moderate	18.8	0	0.0	0	0.0

COMMUNITY DEVELOPMENT TEST

Timberline Bank demonstrates adequate responsiveness to the community development needs in the Grand Junction MSA through community development loans, qualified investments, and community development services, as appropriate, considering the institution's capacity and the need and availability of such opportunities for community development in the assessment area.

Community Development Loans

The institution originated 60 community development loans totaling approximately \$14.5 million in the Grand Junction MSA. This level represents 90.0 percent by dollar of the overall level of community development loans, while the area accounted for 59.4 percent of loans overall. The institution originated all community development loans in 2021 to revitalize or stabilize qualifying geographies, demonstrating responsiveness to an identified need in the assessment area.

The following lists an example of a notable community development loan in the Grand Junction MSA:

- ***Revitalize or Stabilize:*** The institution originated a loan totaling \$9.1 million to construct three 24-unit multi-family apartment complexes. The property is located in a middle-income census tract within a designated Opportunity Zone contiguous with a low-income census tract, thereby stabilizing the adjacent low-income community by providing needed rental units that are not otherwise available in the low-income community.

Qualified Investments

The institution made use of eight qualified investments in the form of donations totaling \$12,750 in the Grand Junction MSA. This level represents 58.9 percent by dollar of the overall level of qualified investments, while the assessment area accounted for 69.6 percent of deposits. The donations proved responsive to identified needs in the assessment area as 87.5 percent by number provided or community services to low- and moderate-income persons and geographies. The remaining 12.5 percent provided for economic development efforts.

The following is an example of a donation in the Grand Junction MSA:

- ***Community Service:*** The institution provided a \$10 thousand donation to an organization that provides services for students in schools where a majority of students qualify for or participate in free or reduced lunch programs, thereby providing community services to low- and moderate-income individuals and families.

Community Development Services

The institution's employees provided four instances of financial expertise or technical assistance to organizations that provide community services to low- and moderate-income students. This level represents 57.1 percent of the overall level of community development services, while the

assessment area accounts for 33.4 percent of offices.

The following lists an example of a notable community development service in the Grand Junction MSA.

- **Community Service:** During the evaluation period, five bank employees provided four financial literacy training sessions, using the FDIC’s Money Smart program, to low- and moderate-income students.

COLORADO NON-MSA AA – Limited-Scope Review

DESCRIPTION OF INSTITUTION’S OPERATIONS IN COLORADO NON-MSA AA

The combined Colorado Non-MSA AA includes the entirety of Pitkin and Montrose counties in the State of Colorado. This assessment area encompasses 18 census tracts reflecting the following income designations based on 2020 U.S. Census Data: one moderate-, 10 middle-, and 6 upper-income census tracts, and one census tract without an income designation. This assessment area did not change since the prior evaluation, however, there has been changes in demographic data based on 2020 U.S. Census Data that increased the overall total number of census tracts as well as a decrease in the total number of moderate-income census tracts in the assessment area. Lastly, the institution operates two full-service branches within the combined Colorado Non-MSA AA. The following table illustrates select demographic data for the area.

Demographic Information of the Assessment Area						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #

COMMUNITY DEVELOPMENT TEST

The institution's community development performance in the Colorado Non-MSA AA is consistent with the institution's community development performance in the Grand Junction MSA overall. The institution originated 25 community development loans totaling \$1.6 million, which accounted for 9.9 percent of the bank's total community development loans, and provided 3 community development services accounting for 42.9 percent of the overall community development services. The institution did not provide any qualified investments in this assessment area.

APPENDICES

INTERMEDIATE SMALL BANK PERFORMANCE CRITERIA

Lending Test

The Lending Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) by considering the following criteria:

- 1) The bank's loan-to-deposit ratio, adjusted for seasonal variation, and, as appropriate, other lending-related activities, such as loan originations for sale to the secondary markets, community development loans, or qualified investments;
- 2) The percentage of loans, and as appropriate, other lending-related activities located in the bank's assessment area(s);
- 3) The geographic distribution of the bank's loans;
- 4) The bank's record of lending to and, as appropriate, engaging in other lending-related activities for borrowers of different income levels and businesses and farms of different sizes; and
- 5) The bank's record of taking action, if warranted, in response to written complaints about its performance in helping to meet credit needs in its assessment area(s).

Community Development Test

The Community Development Test considers the following criteria:

- 1) The number and amount of community development loans;
- 2) The number and amount of qualified investments;
- 3) The extent to which the bank provides community development services; and
- 4) The bank's responsiveness through such activities to community development lending, investment, and service needs.

GLOSSARY

Aggregate Lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

American Community Survey (ACS): A nationwide United States Census survey that produces demographic, social, housing, and economic estimates in the form of five year estimates based on population thresholds.

Area Median Income: The median family income for the MSA, if a person or geography is located in an MSA; or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

Assessment Area: A geographic area delineated by the bank under the requirements of the Community Reinvestment Act.

Census Tract: A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

Combined Statistical Area (CSA): A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two, which are linked by economic ties.

Community Development: For loans, investments, and services to qualify as community development activities, their primary purpose must:

- (1) Support affordable housing for low- and moderate-income individuals;
- (2) Target community services toward low- and moderate-income individuals;
- (3) Promote economic development by financing small businesses or farms; or
- (4) Provide activities that revitalize or stabilize low- and moderate-income geographies, designated disaster areas, or distressed or underserved nonmetropolitan middle-income geographies.

Community Development Corporation (CDC): A CDC allows banks and holding companies to make equity type of investments in community development projects. Bank CDCs can develop innovative debt instruments or provide near-equity investments tailored to the development needs of the community. Bank CDCs are also tailored to their financial and marketing needs. A CDC may purchase, own, rehabilitate, construct, manage, and sell real property. Also, it may make equity or debt investments in development projects and in local businesses. The CDC activities are expected to directly benefit low- and moderate-income groups, and the investment dollars should not represent an undue risk on the banking organization.

Community Development Financial Institutions (CDFIs): CDFIs are private intermediaries (either for profit or nonprofit) with community development as their primary mission. A CDFI facilitates the flow of lending and investment capital into distressed communities and to individuals who have been unable to take advantage of the services offered by traditional financial institutions. Some basic types of CDFIs include community development banks, community development loan funds, community development credit unions, micro enterprise funds, and community development venture capital funds.

A certified CDFI must meet eligibility requirements. These requirements include the following:

- Having a primary mission of promoting community development;
- Serving an investment area or target population;
- Providing development services;
- Maintaining accountability to residents of its investment area or targeted population through representation on its governing board of directors, or by other means;
- Not constituting an agency or instrumentality of the United States, of any state or political subdivision of a state.

Community Development Loan: A loan that:

- (1) Has as its primary purpose community development; and
- (2) Except in the case of a wholesale or limited purpose bank:
 - (i) Has not been reported or collected by the bank or an affiliate for consideration in the bank's assessment area as a home mortgage, small business, small farm, or consumer loan, unless it is a multifamily dwelling loan (as described in Appendix A to Part 203 of this title); and
 - (ii) Benefits the bank's assessment area(s) or a broader statewide or regional area including the bank's assessment area(s).

Community Development Service: A service that:

- (1) Has as its primary purpose community development;
- (2) Is related to the provision of financial services; and
- (3) Has not been considered in the evaluation of the bank's retail banking services under § 345.24(d).

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

Core Based Statistical Area (CBSA): The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

Distressed Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as distressed if it is in a county that meets one or more of the following triggers:

- (1) An unemployment rate of at least 1.5 times the national average;
- (2) A poverty rate of 20 percent or more; or
- (3) A population loss of 10 percent or more between the previous and most recent decennial census or a net migration loss of 5 percent or more over the 5-year period preceding the most recent census.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into “male householder” (a family with a male householder and no wife present) or “female householder” (a family with a female householder and no husband present).

FFIEC-Estimated Income Data: The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

Full-Scope Review: A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (e.g., geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (e.g., innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

Home Mortgage Loans: Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

Housing Unit: Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

Limited-Scope Review: A limited-scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area.

Performance under applicable tests is often analyzed using only quantitative factors (e.g., geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

Low-Income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

Low Income Housing Tax Credit: The Low-Income Housing Tax Credit Program is a housing program contained within the Internal Revenue Code of 1986, as amended. It is administered by the U.S. Department of the Treasury and the Internal Revenue Service. The U.S. Treasury Department distributes low-income housing tax credits to housing credit agencies through the Internal Revenue Service. The housing agencies allocate tax credits on a competitive basis.

Developers who acquire, rehabilitate, or construct low-income rental housing may keep their tax credits. Or, they may sell them to corporations or investor groups, who, as owners of these properties, will be able to reduce their own federal tax payments. The credit can be claimed annually for ten consecutive years. For a project to be eligible, the developer must set aside a specific percentage of units for occupancy by low-income residents. The set-aside requirement remains throughout the compliance period, usually 30 years.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Median Income: The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median.

Metropolitan Division (MD): A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area (MSA): CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

Moderate-Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

Nonmetropolitan Area (also known as **non-MSA**): All areas outside of metropolitan areas. The definition of nonmetropolitan area is not consistent with the definition of rural areas. Urban and rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Qualified Investment: A lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

Rated Area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

Small Business Investment Company (SBIC): SBICs are privately-owned investment companies which are licensed and regulated by the Small Business Administration (SBA). SBICs provide long-term loans and/or venture capital to small firms. Because money for venture or risk investments is difficult for small firms to obtain, SBA provides assistance to SBICs to stimulate and supplement the flow of private equity and long-term loan funds to small companies. Venture capitalists participate in the SBIC program to supplement their own private capital with funds borrowed at favorable rates through SBA's guarantee of SBIC debentures. These SBIC debentures are then sold to private investors. An SBIC's success is linked to the growth and profitability of the companies that it finances. Therefore, some SBICs primarily assist businesses with significant growth potential, such as new firms in innovative industries. SBICs finance small firms by providing straight loans and/or equity-type investments. This kind of financing gives them partial ownership of those businesses and the possibility of sharing in the companies' profits as they grow and prosper.

Small Business Loan: A loan included in "loans to small businesses" as defined in the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$1 million or less and are either secured by nonfarm nonresidential properties or are classified as commercial and industrial loans.

Small Farm Loan: A loan included in "loans to small farms" as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

Underserved Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as underserved if it meets criteria for population size, density, and dispersion indicating the area's population is sufficiently small, thin, and distant from a population center that the tract is likely to have difficulty financing the fixed costs of meeting essential community needs.

Upper-Income: Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography.

Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, "urban" consists of territory, persons, and housing units in places of 2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

"Urban" excludes the rural portions of "extended cities"; census designated place of 2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.

Timberline Bank

Re: 2022 Community Reinvestment Act (CRA) Acknowledgement

Dear Friends:

We would like to thank Timberline Bank for being a COLTAF Prime Partner. As you know, COLTAF is a unique program, created by court rule for the purpose of funding civil legal services for low-income Coloradans.

Interest earned on COLTAF accounts is used primarily to make grants to organizations providing legal help in non-criminal matters to individuals and families at or below 125% of the federal poverty guidelines, which is well below the CRA median household income requirements for low-income persons. The services funded by COLTAF help low-income individuals and families with issues impacting their core economic stability, such as housing, consumer finance, family law, elder care, domestic violence, access to health care and education, employment and income maintenance. These services are important to the ability of low-income individuals to maintain housing and to qualify for credit, and are in complete alignment with the objectives of the CRA.

Timberline Bank participates in and supports COLTAF as a Prime Partner, which includes paying preferred interest rates on COLTAF accounts and waiving all service charges. In 2022, Timberline Bank maintained 14 COLTAF accounts and contributed \$8,915.97 to support essential civil legal services for low income people.

The services funded by COLTAF provide access to our civil justice system, which in turn promotes stability, fosters opportunity, and helps strengthen communities. The communities served by Timberline Bank, and indeed all Coloradans, benefit from your leadership in the COLTAF program. As a COLTAF Prime Partner, you demonstrate your commitment to meeting the needs of all segments of the communities you serve, and to helping revitalize those communities. As a COLTAF Prime Partner, you exemplify the spirit and aspirations of the CRA.

Please include this letter and the enclosed Fact Sheet in your CRA file for consideration of CRA investment and service credits.

On behalf of our grantees, their clients, and our staff, we thank you.

Diana M. Poole
Executive Director

Sincerely,

Diana M. Poole
Executive Director

Public Written Comments

Dear Jeff, Louise, and Gianna,

I wanted to take a moment to sincerely thank you for hosting our D51 Foundation Winter Ambassador meeting last night. We appreciated your very generous support that included a beautiful venue, delightful cocktails, and delicious appetizers. Timberline Bank has been a fantastic community supporter of D51 for years and years. It's truly making a positive difference in our schools and with our students and staff. Thank you so much.

With gratitude,
Angela

Dear Community Hospital Supporter,

On behalf of the Community Hospital Foundation, thank you for your support of this year's Gala and Auction held September 14, 2024. This event will be a fun filled evening of music, dancing and celebration!

Thank you for keeping Community Hospital strong and focused on our core values of being a great place to work and a great place to receive care.

Again, thank you for your generosity and support of Community Hospital!

Sincerely,

Taryn Warren

Dear Louise and Jeff,

Thank you for your generous donation to the Silent Auction for the 12th Annual D51 Foundation White Iced Celebration. Your contribution is significant in our mission to raise funds for academic growth and achievement and promote outreach to benefit kids and the community.

Our event was a huge success! The ballroom was full of parents, teachers, principals, business owners, and community members. Because of sponsors and donors like you, we were able to raise more money than we ever have before. These proceeds will go directly to helping District 51 students in the classroom. Our fundraising for this year specifically supports technology for students, professional learning for D51 staff, and student and staff wellness.

Please note that your donation of a 2 night stay in Aspen at the Timberline Bank North Star Penthouse valued at \$10,000.00, may be tax deductible. Our tax ID number is 27-3662704.

Thank you for your investment in the future of our students. We wish you and your business all the best.

Sincerely,

Angela Christensen, Ph.D.

Dear Timberline Bank,

Thank you very much for your generous contribution to La Plaza members and their families.

At La Plaza, we Facilitate our members' access to local resources. La Plaza also provides direct resources onsite at our Palisade location, such as our hot meal program or emergency direct assistance and seasonal food pantry.

We Advocate at the local, regional, and statewide level on behalf of the migrant and immigrant communities. Locally, La Plaza supports employers and community resource providers to grow their culturally responsive and equity-based approaches that will serve our diverse community.

At La Plaza, we foster Community Building through our resource nights, social gatherings, events, and volunteer opportunities for members and the broader community, which increase our opportunities to learn from each other and generate a sense of belonging.

We Empower members through community navigation and cultural integration support. Each time a member walks through the door, we focus on building their skills and confidence. La Plaza supports members to increase their potential to self-navigate resources in the future. As an immigrant-led organization, La Plaza empowers its members to become community leaders themselves.

The migrant and immigrant agricultural workers we serve are our members. Membership represents the philosophical belief that we are building a better community together. Members join not just for their own benefit, but so that all migrant and immigrant workers in the Grand Valley can be heard, valued, and supported.

As an event sponsor, business, religious, or individual donor, our work would not be possible without you. Thank you!

Please use this letter as a record of your generous donations of \$250 (Christmas Celebration Sponsorship) for your 2023 records. This letter certifies that your gift is tax deductible. For your personal tax purposes, La Plaza's Federal Employee Identification Number is 84-0831830.

Sincerely,

Nelly F. Garcia Olmos

Executive Director

February 16, 2024

Dear Jeff, Jim, and Louise,

On behalf of the School District 51 Foundation, I want to sincerely thank you for your in-kind donation. Thank you so much for honoring us as your Non-Profit of the Month for the January. Dr. Hill and I had such a wonderful time as baristas! We sincerely appreciate all your support over the years.

Your contribution of \$391.90 is significant in our mission to raise funds for academic growth and achievement and to promote outreach to benefit kids and the community. Specifically, this year our funding priorities are to invest in technology and innovation for our schools, provide professional learning for D51 staff, and support student and staff wellness.

The D51F was formed in 2010 from a group of concerned business and community leaders who wanted to find a way to help support School District 51. They created the D51 Foundation as a non-profit 501(c)(3) entity. The D51F meets monthly with a focus on raising money for our schools and providing outreach to our community.

Thank you for your investment in the future of our students. It's exciting to see the community come together to support School District 51.

Sincerely,

Angela Christensen, Ph.D.

Dear Louise,

Thank you for your recent generous donation to KAFM Community Radio via The Giving Club. Your gift of \$100.00, and the support of donors like you, are what make it possible for KAFM to never miss a day to use our airwaves for the greater good of building a thriving community.

Your generosity to KAFM has a direct impact on our mission, which enables us to be a voice for vital information and resources for our community and to broadcast a wide variety of music. KAFM's slogan as "The Voice of Our Community," provides specialty interest talk shows and podcasts from civic, educational, and charitable resources like The Giving Club and your good works.

Grand Valley Public Radio Company, Inc., dba, KAFM is recognized as a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code. Contributions to organizations with 501(c)(3) status may be tax deductible. This letter is your receipt for income tax purposes. Please consult your tax advisor to determine the deductibility of this contribution.

This year is special as we will be marking our 25th Anniversary. Thank you again for your contribution, your donation will help us mark this incredible achievement and to continue broadcasting 24/7 all year long, for another 25 years.

With Heartfelt Thanks,

A handwritten signature in cursive script that reads 'Cyrene Jagger'.

Cyrene Jagger
